PACKAGE DETAILS

Basic Residential Listing

A comprehensive set of professional still images capturing both the interior and exterior of your property, complemented by aerial drone photography to showcase the surrounding environment and street appeal.

Walkthrough

Everything included in our Basic Residential Listing, with the addition of a smooth, professionally produced walkthrough video that guides buyers through the property at their own pace.

Lifestyle (properties under 10ha)

Our most popular package for lifestyle properties. Includes full interior and exterior still photography and drone imagery, plus a cinematic flyover video that brings the land to life — highlighting boundaries, outbuildings, and the natural character of the property.

Farm (properties over 10ha)

Tailored for larger farming operations. Includes professional still photography of all main buildings and structures, comprehensive drone imagery, and a detailed flyover video that clearly illustrates boundaries, sheds, and key farm infrastructure.

Section/Bare Land

Perfect for showcasing a bare section or lot. Includes professional still photography, drone imagery, and a video flyover to highlight the site's shape, size, and surroundings.

Floor Plan

A clean, accurate 2D illustration of your property's room layout, complete with dimensions. Furniture and fittings can be included on request, giving buyers a clear sense of scale and flow.

Bespoke

For properties that deserve more than a standard package. Our Bespoke service is fully tailored to your listing, combining everything in our Farm package with a professionally produced documentary-style video that tells the story of your property and its operation — from the land and infrastructure through to the people and practices that make it unique. Ideal for high-value farms, lifestyle estates, and distinctive rural properties where a deeper narrative sets your listing apart.
